

## A New Way to Save Soap!

Just a tablespoonful of GRAND-MA, the wonderful powdered soap in the water. That takes the place of all the chipping, slicing and rubbing that you do now whenever you wash or clean. And you save soap. You know just how much to use.

Isn't it simple? What woman would put up with the fuss and bother of bar soap lying around and wasting away, when she can now have this marvelous powdered soap.

## MANY ANIMALS WENT OVER.

A recent statement made by the War Department shows that during the war 67,948 animals were sent across the sea. This huge number included 5,489 cavalry horses, 33,396 draft horses and 29,063 mules of all description. Out of this great number of animals only 600 were lost in transit.

## MARGARET MATZENAUER TO SING IN LEXINGTON.

Margaret Matzenauer, prima-donna contralto, of the Metropolitan Opera Company, who is available for concert engagements after April 15, has been booked to appear at Lexington Opera House, Friday, May 9, for one night concert. Since Lexington patrons are denied the pleasure of hearing the Metropolitan Opera Company en masse, it is fortunate that one of the most distinguished members have been procured for a spring engagement.

When a concert series was announced last fall by Miss Anna Chandler Goff, local manager, Matzenauer was on the list, but because of the influenza epidemic, all engagements were cancelled except the one with Matzenauer, which will be filled May 9.

The musical publications and press generally are extensive in praise of Matzenauer, and although she has never been heard in Kentucky, she is not unknown and will receive a cordial reception by music lovers of Central Kentucky.

The seats will be on sale at the Ben Ali ticket office, beginning May 3, but mail orders are filled now.

## GIRLS! HAVE A MASS OF BEAUTIFUL HAIR. SOFT, GLOSSY, WAVY

A Small Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy, and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine. ## LOCAL DRUGGIST AWARDED AGENCY

Varden & Son Secure Sale Rights For Trutona in Paris.

Trutona, the perfect tonic, that has now become widely popular in Louisville and other cities of the State, now is on sale in the drug store of Varden & Son.

The unprecedented success of Trutona is due entirely to its efficiency. Scores of Kentuckians are daily testifying to the beneficial results they have obtained from its use. What better proof of a medicine's merit could be desired.

Trutona is a tonic of the highest degree, exciting the appetite and invigorating the digestion. It is highly recommended for the treatment of dyspepsia, stomach trouble, liver and kidney troubles, and catarrhal affections. Its action on the liver is almost instantaneous, exciting that most important organ when languid and resolving its torpor and chronic engorgement.

Trutona acts directly on the mucous membranes, producing a sharply stimulative effect and leaving a pleasant tonic condition. It is a very valuable agency in all catarrhal affections, including those of the alimentary tract, head and nose. Trutona is a prompt, efficient and absolutely safe laxative. It is a strength builder unsurpassed by any preparation. Its use is recommended by run-down and weakened men and women who are recovering from the serious after-effects of pneumonia, influenza and deep colds.

Trutona is now being introduced and explained in Paris by G. S. Varden & Son.

## Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

## Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coulter and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.
